**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2010**

INTRODUCTION

This Proxy Statement is furnished to the stockholders of IntercontinentalExchange, Inc. in connection with the solicitation of proxies by our Board of Directors to be voted at the 2010 Annual Meeting of Stockholders and at any adjournments thereof (the "Annual Meeting"). The Annual Meeting will be held at The Ritz Carlton Buckhead, 3434 Peachtree Road, NE, Atlanta, Georgia 30326 on Friday, May 21, 2010 at 8:30 a.m., local time. The approximate date on which this Proxy Statement and form of proxy card are first being sent or given to stockholders is April 5, 2010.

When used in this Proxy Statement, the terms "we," "us," "our," "IntercontinentalExchange" and "ICE" refer to IntercontinentalExchange, Inc.

VOTING INSTRUCTIONS AND INFORMATION

Who can vote at the Annual Meeting?

The securities that can be voted at the Annual Meeting consist of our common stock, \$0.01 par value per share (the "Common Stock"). Each share of Common Stock entitles its holder to one vote on each matter submitted to the stockholders for approval. The holders of Common Stock will vote together as a single class on all matters presented to the stockholders for their vote or approval. The record date for determining the holders of Common Stock who are entitled to receive notice of and to vote at the Annual Meeting is March 23, 2010. On the record date, 73,839,555 shares of Common Stock were outstanding and eligible to be voted at the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

There are two proposals from ICE to be considered and voted on at the meeting:

- To elect ten directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified; and
- To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

You may also vote on any other business that properly comes before the Annual Meeting.

How does the Board of Directors recommend I vote?

Our Board of Directors unanimously recommends that you vote:

- **"FOR"** each of the nominees to the Board of Directors.
- **"FOR"** ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

[Table of Contents](#)

Who is a stockholder of record?

During the ten days prior to the Annual Meeting, a list of the stockholders of record as of March 23, 2010 will be available for inspection as described below under *How can I view the stockholders list?*.

- If you hold Common Stock that is registered in your name on the records of ICE maintained by its transfer agent, Computershare Investor Services, you are a stockholder of record; or
- If you hold Common Stock indirectly through a broker, bank or similar institution, you are not a stockholder of record, but instead hold in “street name.”

If you are a stockholder of record, these proxy materials are being sent to you directly. If you hold shares in street name, these materials are being sent to you by the bank, broker or similar institution through which you hold your shares.

How can I view the stockholders list?

A list of the stockholders entitled to vote at the Annual Meeting will be available for inspection upon request of any stockholder for a purpose germane to the meeting at our principal executive offices, 2100 RiverEdge Parkway, Suite 500, Atlanta, GA 30328, during ten days prior to the Annual Meeting, during ordinary business hours, and at the Annual Meeting. To make arrangements to review the list prior to the Annual Meeting, stockholders should contact our Investor Relations at (770) 857-4700 or ir@theice.com.

How do I vote?

You may submit your proxy with voting instructions in one of three ways:

- **By Internet.** Go to www.proxyvote.com and follow the instructions for Internet voting, which can also be found on the enclosed proxy card. You will be required to provide your assigned control number located on the proxy card. Internet voting is available 24 hours a day. If you choose to vote by Internet, then you do not need to return the proxy card. To be valid, your vote by Internet must be received by 11:59 p.m., Eastern Daylight Time, on May 20, 2010.
- **By Telephone.** By calling the toll-free number for telephone voting that can be found on the enclosed proxy card (800-690-6903). You will be required to provide your assigned control number located on the proxy card. Telephone voting is available 24 hours a day. If you choose to vote by telephone, then you do not need to return the proxy card. To be valid, your vote by telephone must be received by 11:59 p.m., Eastern Daylight Time, on May 20, 2010.
- **By Mail.** Complete the enclosed proxy card, sign and date it, and return it in the postage-paid envelope we have provided. To be valid, your vote by mail must be received by 11:59 p.m., Eastern Daylight Time, on May 20, 2010.

You may also vote your shares in person at the Annual Meeting. (See *What do I need to do to attend the Annual Meeting?* below.)

If your shares of Common Stock are held in “street name” (i.e., through a bank, broker or other nominee), your proxy materials include a voting instruction form from the institution holding your shares. The availability of telephone or Internet voting will depend upon the institution’s voting processes. Please contact the institution holding your shares of Common Stock for more information.

What do I need to do to attend the Annual Meeting?

You may also attend the Annual Meeting and vote your shares in person by ballot. If you plan to attend the Annual Meeting in person you will need to bring proof of your ownership of Common Stock as of the close of business on March 23, 2010.

[Table of Contents](#)

If you hold shares of Common Stock in “street name” and would like to vote in person at the Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of Common Stock as of the close of business on March 23, 2010. Alternatively, you may contact the institution in whose name your shares are registered and obtain a proxy from that institution and bring it to the Annual Meeting.

How can I revoke my proxy or substitute a new proxy or change my vote?

You may revoke a proxy at any time before it is exercised by:

- filing a written revocation with the Secretary of ICE,
- submitting a proxy bearing a later date (by Internet, telephone or mail) that is received no later than the deadline specified on the proxy card, or
- voting in person at the Annual Meeting.

Please note, however, that under the rules of the New York Stock Exchange (the “NYSE”), any beneficial owner of our Common Stock whose shares are held in street name by a NYSE member brokerage firm may revoke its proxy and vote its shares in person at the Annual Meeting only in accordance with applicable rules and procedures as employed by such beneficial owner’s brokerage firm.

Attending the Annual Meeting will not automatically revoke a proxy that was submitted by Internet, telephone or mail.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares will be voted as follows: **FOR** the election of ICE’s director nominees, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010 and otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

If I hold my shares in “street name” through a broker and do not provide voting instructions, can my broker still vote my shares?

Under the rules of the NYSE, brokers that have not received voting instructions from their customers 10 days prior to the meeting date may vote their customers’ shares in the brokers’ discretion on the proposals regarding the ratification of the appointment of the independent registered public accounting firm because such matter currently is deemed a “discretionary” matter under NYSE rules. In addition, certain member brokers will only vote uninstructed shares in the same proportion as the instructions received by that broker from all other stockholders.

NYSE rules were amended this year so that the election of directors is now a “non-discretionary” matter, which means that member brokers that have not received instructions from the beneficial owners of shares of Common Stock do not have discretion to vote the shares held by those beneficial owners on the election of directors.

How many votes are required to transact business at the Annual Meeting?

A majority of all issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting constitutes a quorum (*i.e.*, the minimum number of shares that must be present or represented by proxy at the Annual Meeting in order to transact business). Subject to the rules regarding the votes necessary to adopt the proposals discussed below, abstentions and broker non-votes will be counted for purposes of determining

[Table of Contents](#)

whether a quorum is present. “Broker non-votes” are proxies returned by brokerage firms for which no voting instructions have been received from beneficial owners. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from any adjournments or postponements of the Annual Meeting, unless a new record date is set).

How are votes counted?

Election of Directors

Under our Amended and Restated Bylaws, a plurality of the votes cast by stockholders represented and entitled to vote at the Annual Meeting is required for the election of directors. Accordingly, the directorships to be filled at the Annual Meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees.

Ratification of the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm

Under our Amended and Restated Bylaws, the affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. An abstention from voting on this matter will be treated as “present” for quorum purposes. However, since an abstention is not treated as a “vote” for or against the matter, it will have no effect on the outcome of the vote.

Abstentions, Broker Non-Votes and Withheld Votes

Because directors are elected by a plurality of the votes cast, an abstention, broker non-vote or withheld vote will have no impact on the election.

In the case of the approval of the ratification of the appointment of Ernst & Young LLP, only votes cast “for” or “against” the approval or ratification will be considered; abstentions, broker non-votes and withheld votes will not be treated as a vote “for” or “against” the ratification or approval and therefore will have no effect on the vote.

Who pays for the expenses of this proxy solicitation?

In addition to soliciting proxies through the mail, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held of record by them. We will pay all expenses incurred in connection with the solicitation of proxies.

However, if any stockholder residing at such an address wishes to receive a separate copy of this Proxy Statement or our Annual Report, he or she may contact us at IntercontinentalExchange, Inc., 2100 RiverEdge Parkway, Suite 500, Atlanta, Georgia 30328, Attn: Investor Relations, telephone: 770-857-4700, e-mail: ir@theice.com, and we will deliver those documents to such stockholder promptly upon receiving the request. Any such stockholder may also contact Investor Relations if he or she would like to receive separate proxy statements and annual reports in the future. If you are receiving multiple copies of our annual report and proxy statement, you may request "householding" in the future by also contacting Investor Relations.

ITEM 1 — ELECTION OF DIRECTORS

Board of Directors

Under our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, our Board of Directors sets the number of directors who may serve on the Board of Directors at any time. The size of our Board of Directors is currently set at 11 directors and presently consists of 11 directors. Mr. Schoenhut, who has been a member of our Board of Directors since 2007 when we acquired ICE Futures U.S., Inc., is not standing for re-election at our Annual Meeting. There were no disagreements between Mr. Schoenhut and us with respect to any matters relating to our operations, policies or practices that led to Mr. Schoenhut not standing for re-election. Accordingly, our Board of Directors will consist of ten directors as of the date of our Annual Meeting. Our Board thanks Mr. Schoenhut for his dedicated service. All of our directors are elected annually for a one-year term expiring at the next annual meeting of stockholders. Each director will hold office until his or her successor is duly elected and qualified or until the director's earlier resignation or removal.

At the Annual Meeting, proxies cannot be voted for a greater number of individuals than the ten nominees named in this Proxy Statement. The Nominating and Corporate Governance Committee of our Board of Directors is conducting a search for a director candidate to fill the one vacancy. For a discussion of our policy regarding qualification and nomination of director candidates, see *Corporate Governance – Nomination of Directors* below.

Nominees for Election as Directors at the 2010 Annual Meeting

On the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated the persons named below for election as directors at the Annual Meeting, each to serve for a one-year term expiring at the next annual meeting of stockholders in 2011. All of the nominees currently are members of the Board of Directors. Our Board of Directors, upon the recommendation of our Nominating and Corporate Governance Committee, has determined that each of our non-employee directors is independent in accordance with the listing standards of NYSE and our Board of Directors Governance Principles as described below under *Corporate Governance – Independent Non-Employee Directors*. In addition, for a discussion of the qualifications of the director nominees considered by our Nominating and Corporate Governance Committee, see the below information under *Biographical Information* and *Corporate Governance – Nomination of Directors*.

Each of the nominees has confirmed that he or she expects to be able to continue to serve as a director until the end of his or her term. If, however, at the time of the Annual Meeting, any of the nominees named below is not available to serve as a director (an event which the Board of Directors does not anticipate), all the proxies granted to vote in favor of such director's election will be voted for the election of such other person or persons, if any, recommended by the Nominating and Corporate Governance Committee and designated by the Board of Directors. Proxies cannot be voted for a greater number of directors than the ten nominees named in this Proxy Statement.

Based on the foregoing qualifications, our Nominating and Corporate Governance Committee believes that the ten director nominees collectively have the skills and experience to create a board that is well-suited to oversee and guide our business. Each has the integrity, business judgment, collegiality and commitment that are among the essential characteristics for a director of our Board. They also bring to our Board highly developed skills in, among other areas, finance, investing, accounting, regulatory affairs, business operations,

organizational management and leadership. In addition, members of our Board have had a great diversity of experiences and bring to our Board a wide variety of views that strengthen their ability to guide ICE. They have had extensive involvement in international business and deep professional experience across a broad range of industries and in the energy and derivatives markets in particular. Most have lengthy direct experience in the oversight of public companies through their service on our Board and those of other public companies, as well as their current and past senior executive positions.

In addition to the information provided above, we note that Messrs. Salerno and Tese also served on the Board of Directors of Bear Stearns Companies Inc. (“Bear Stearns”) at the time of Bear Stearns’ acquisition by JP Morgan Chase & Co. and during the period preceding such acquisition. ICE’s Nominating and Corporate Governance Committee considered Messrs. Salerno and Tese’s service on the Bear Stearns Board of Directors prior to nominating Messrs. Salerno and Tese. As part of that consideration, ICE’s Nominating and Corporate Governance Committee were privy to oral evaluations of ICE’s Board and committee members by each current member of ICE’s Board of Directors, many of whom commented on their belief in the extensive experience, strong personal attributes, skill set and independence of ICE’s Board of Directors (including Messrs. Salerno and Tese), which collectively has contributed, in part, to our strong performance and strategic direction. Despite the events that occurred at Bear Stearns, we believe Messrs. Salerno and Tese’s service on the Bear Stearns Board of Directors and firsthand experience managing through those events enhances each of their qualifications to serve on ICE’s Board of Directors, particularly in light of ICE’s role in clearing derivatives, which helps reduce systemic risk.

Meetings and Committees of the Board of Directors

The Board of Directors conducts its business through meetings of the full Board of Directors and through committees of the Board of Directors, consisting of an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Regulatory Oversight Committee. The members of the committees are identified in the table below:

The Regulatory Oversight Committee was formed in 2010. Our non-management directors meet periodically in executive session without management participation, as required by NYSE listing standards. Mr. Salerno has been appointed by the Board of Directors as the non-management lead independent director presiding at these meetings.

As a matter of Board policy, it is expected that each director will be available to attend substantially all of the meetings of the Board of Directors and any committees on which the director serves. Each director attended

at least 75% of the aggregate number of meetings of the Board of Directors and meetings of the committees of which he or she is a member. As a matter of policy, it is expected that each director and nominee will attend annual meetings of stockholders. We currently expect that all of our directors and nominees will attend this Annual Meeting. All members of our Board of Directors attended last year's Annual Meeting other than Ms. Judith Sprieser.

Each year, the Board of Directors and each committee conduct an assessment of its performance and at the conclusion of the evaluation process, discusses its results. As part of the evaluation process, each committee reviews its charter.

Audit Committee

The Audit Committee is comprised solely of directors who meet the independence requirements of the NYSE and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and are financially literate, as required by NYSE rules. At least one member of the Audit Committee qualifies as an audit committee financial expert, as defined by the rules and regulations of the SEC. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to:

- the quality and integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- our systems of internal controls regarding finance, accounting and legal compliance;
- the independence, qualification and performance of our independent auditors;
- the performance of our internal audit function; and
- our auditing, accounting and financial reporting processes.

The Audit Committee is governed by a written Audit Committee Charter, which has been approved by our Board of Directors. We amended our Audit Committee Charter in February 2010. The charter is available on our website at www.theice.com. We will also provide a printed copy of the charter to stockholders upon request.

The members of the Audit Committee are Messrs. Salerno (Chairperson) and Martell and Ms. Sprieser. The Board of Directors has determined that Mr. Salerno and Ms. Sprieser are audit committee financial experts.

Compensation Committee

The Compensation Committee is comprised solely of directors who meet NYSE independence requirements, meet the requirements for a "Nonemployee Director" under the Exchange Act, and meet the requirements for an "outside director" under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Compensation Committee:

- reviews and approves corporate goals and objectives relevant to the compensation of our executive officers, including our Chief Executive Officer;
- evaluates our Chief Executive Officer's performance and sets his compensation based on this evaluation;
- approves, in consultation with our Chief Executive Officer, the compensation of our officers who are appointed by our Board of Directors;
- reviews and approves option grants, bonus payments and stock awards to our officers;
- exercises general oversight over our benefit plans and evaluates any proposed new retirement or benefit plans; and
- reviews and approves severance or similar termination payments to former officers.

The Compensation Committee is governed by a written Compensation Committee Charter approved by our Board of Directors. We amended our Compensation Committee Charter in May 2008. The charter is available on our website at www.theice.com. We will also provide a printed copy of the charter to stockholders upon request.

The members of the Compensation Committee are Messrs. Tese (Chairperson), Crisp and Reid.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is comprised solely of directors who meet NYSE independence requirements. The Nominating and Corporate Governance Committee assists the Board of Directors in:

- identifying and attracting highly qualified individuals to serve as directors and establishing criteria for selecting new board members;
- selecting director nominees for the next annual meeting of stockholders;
- developing and maintaining a set of corporate governance guidelines;
- reviewing and approving related-party transactions;
- devising a code of business conduct and ethics for directors, officers and employees; and
- monitoring and safeguarding the Board of Directors' independence.

The Nominating and Corporate Governance Committee is governed by a written Nominating and Corporate Governance Committee Charter approved by our Board of Directors. We amended our Nominating and Corporate Governance Committee Charter in May 2008. The charter is available on our website at www.theice.com. We will also provide a printed copy of the charter to stockholders upon request.

The members of the Nominating and Corporate Governance Committee are Ms. Sprieser (Chairperson), Mr. Hatfield, Mr. Forneri and Sir Reid.

Regulatory Oversight Committee

The Regulatory Oversight Committee is comprised solely of directors who meet NYSE independence requirements. The Regulatory Oversight Committee assists the Board overseeing our over the counter, or OTC, regulatory program for energy contracts that serve a "significant price discovery function" as defined by the Commodity Futures Trading Commission (the "CFTC"). In March 2010, our OTC energy market became a regulated entity subject to the regulation of the CFTC and, as part of our obligations as a regulated entity, our OTC market must comply with nine core principles specified by the CFTC. One of these core principles requires us to minimize conflicts of interest in our decision making process. To comply with this core principle's acceptable practices, we adopted a Regulatory Oversight Committee to oversee our regulated OTC energy business.

The Regulatory Oversight Committee assists the Board of Directors in:

- monitoring and overseeing our OTC regulatory program for significant price discovery contracts, including trade practice and market surveillance, audits, examinations, investigations and other regulatory responsibilities;
- reviewing the size and allocation of the regulatory budget and resources;
- supervising our OTC chief regulatory officer, who reports directly to the Regulatory Oversight Committee;
- preparing an annual report assessing our OTC self-regulatory program for significant price discovery contracts;
- recommending changes that ensure fair, vigorous and effective regulation; and
- reviewing regulatory proposals and advising as to whether and how such changes may impact regulation.

The Regulatory Oversight Committee is governed by a written Regulatory Oversight Committee Charter approved by our Board of Directors in March 2010. The charter is available on our website at www.theice.com. We will also provide a printed copy of the charter to stockholders upon request.

The members of the Regulatory Oversight Committee are Mr. Hatfield (Chairperson), Mr. Crisp and Sir McCarthy.

CORPORATE GOVERNANCE

Independent Non-Employee Directors

The IntercontinentalExchange, Inc. Board of Directors Governance Principles (the “Governance Principles”) adopted by our Board of Directors described below provide that a majority of our directors must be “independent directors” and specify independence standards consistent with NYSE listing standards. Following the election of the nominees to the Board of Directors, nine of our ten directors holding office will be independent directors. Our Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has determined that each non-management director and nominee is independent in accordance with NYSE listing standards and our Governance Principles, and does not have any relationship that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors.

In making its independence determinations, our Board of Directors and the Nominating and Corporate Governance Committee considered transactions, if any, between each non-employee director and ICE, including the following commercial relationship involving Mr. Hatfield that our Board of Directors and the Nominating and Corporate Governance Committee found to be immaterial under the NYSE listing requirements and our Governance Principles. From January 1, 2007 through August 31, 2007, Mr. Hatfield was employed by Patton Boggs LLP, a law firm retained by ICE to perform certain lobbying work for a retainer of \$25,000 per month for six months (an aggregate of \$150,000 for 2007). Mr. Hatfield was the person primarily responsible for providing these services to ICE in connection with its engagement of Patton Boggs. However, ICE no longer retains Patton Boggs or Mr. Hatfield for lobbying work. Given the amount of consideration paid to Patton Boggs, the size of the law firm, and the fact that Mr. Hatfield is no longer employed with Patton Boggs, the Nominating and Corporate Governance Committee and our Board of Directors concluded that this relationship was immaterial and did not impair Mr. Hatfield’s qualification as an independent director under the NYSE listing standards or our Governance Principles. However, due to the indirect benefit he received, the Nominating and Corporate Governance Committee concluded that he will only be eligible to serve on the Nominating and Corporate Governance and Regulatory Oversight Committees and not be eligible to serve on the Audit or Compensation Committees until 2011.

Nomination of Directors

Our Board of Directors is responsible for approving candidates for board membership and has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee. In furtherance of this process, our Board of Directors and Nominating and Corporate Governance Committee have adopted the IntercontinentalExchange, Inc. Policy Regarding Qualification and Nomination of Director Candidates (the “Nomination Policy”). The Nomination Policy does not set specific, minimum qualifications that nominees must meet, but rather specifies that each nominee should be evaluated on his or her individual merit taking into account the factors described below.

The Nominating and Corporate Governance Committee seeks to create a Board of Directors that consists of a diverse group of qualified individuals that function effectively as a group. Qualified candidates for director are those who, in the judgment of the Nominating and Corporate Governance Committee, possess strong personal attributes and sufficient experience relating to our business needs to assure effective service on our Board of Directors. Personal attributes considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include: leadership, ethical nature, contributing nature, independence, interpersonal

[Table of Contents](#)

skills and effectiveness. Experience and qualifications considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include: financial acumen, general business experience, industry knowledge, diversity of viewpoints, special business experience and expertise in a relevant area. When the Nominating and Corporate Governance Committee reviews a potential new candidate, the Nominating and Corporate Governance Committee looks specifically at the candidate's qualifications in light of the needs of our Board of Directors and ICE at that time given the then current mix of director attributes.

We believe that ICE benefits from having directors with a diversity of viewpoints, backgrounds, experiences and other demographics. As noted above, one of the factors that the Nominating and Corporate Governance Committee considers in identifying and evaluating a potential nominee is the extent to which the nominee would add to the diversity of our Board, and the Nominating and Corporate Governance Committee assesses the diversity of our Board and how a nominee would enhance that diversity.

The Nominating and Corporate Governance Committee will use a variety of methods to identify and evaluate nominees for director. The Nominating and Corporate Governance Committee will periodically assess the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee will seek to identify director candidates based on input provided by a number of sources, including: (i) Nominating and Corporate Governance Committee members, (ii) other directors, (iii) management and (iv) our stockholders. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates. The Nominating and Corporate Governance Committee is currently searching for a director candidate who adds to the skill set possessed by the current members of the Board of Directors, including candidates who have experience or a background in particular markets we have or may enter into, market oversight, legislative or regulatory practices or the derivatives markets. The Nominating and Corporate Governance Committee has considered possible candidates to fill the board seat that will become vacant after the date of our Annual Meeting, but does not expect to nominate a potential candidate prior to the Annual Meeting.

Once director candidates have been identified, the Nominating and Corporate Governance Committee will evaluate each candidate in light of his or her qualifications and credentials, and any additional factors that the Nominating and Corporate Governance Committee deems necessary or appropriate, including those set forth above. Qualified prospective candidates will be interviewed by our Chairman and Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee. The full Board of Directors will be kept informed of the candidate's progress. Using input from such interviews and other information obtained by it, the Nominating and Corporate Governance Committee will evaluate whether a prospective candidate is qualified to serve as a director and, if so qualified, will seek the approval of the full Board of Directors for the nomination of the candidate or the election of such candidate to fill a vacancy on the Board of Directors.

Existing directors who are being considered for re-nomination will be re-evaluated by the Nominating and Corporate Governance Committee based on each director's satisfaction of the qualifications described above and his or her performance as a director during the preceding year. All candidates submitted by stockholders will be evaluated in the same manner as candidates recommended from other sources, provided that the procedures set forth below under *Stockholder Recommendations for Director Candidates* have been followed.

All of the current nominees for director recommended for election by the stockholders at the 2010 Annual Meeting are current members of the Board of Directors. Based on the Nominating and Corporate Governance Committee's evaluation of each nominee's satisfaction of the qualifications described above and their performance as directors in 2009, the Nominating and Corporate Governance Committee has decided to recommend the nominees for re-election and the Board of Directors has approved such recommendation. For the reasons specified in the biography of each director identified under *Nomination for Election as Directors at the 2010 Annual Meeting*, our Board has concluded that each director nominee should be re-elected to our Board of Directors. The Nominating and Corporate Governance Committee has not received any nominations from stockholders for the 2010 Annual Meeting.

Board Leadership Structure

Our Board of Directors Governance Principles provide for: the role of the Chairman of the Board and Chief Executive Office to be combined; a lead independent director; and strong, active independent directors. Under our Bylaws, the Chairman of the Board presides over meetings of the Board of Directors, presides over meetings of stockholders, consults and advises the Board of Directors and its committees on our business and affairs, and performs such other duties as may be assigned by the Board. The Chairman of the Board, in consultation with the lead independent director, establishes the agenda for Board of Director meetings and facilitates constructive and useful communication between management and the Board of Directors. Our independent directors have elected Mr. Salerno as the lead independent director for 2010, a position he has held since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors.

Our Chief Executive Officer is in general charge of our business affairs, subject to the overall direction and supervision of the Board of Directors and its Committees and subject to such powers as reserved by the Board. Mr. Sprecher serves as both Chairman of the Board and Chief Executive Officer. Our Board believes that this leadership structure – a combined Chairman of the Board and Chief Executive Officer, a lead independent director, active and strong non-employee directors, and Committees led and comprised of independent directors – is the most effective for us at this time.

Our Board believes that the Chief Executive Officer is in the best position to most effectively serve as the Chairman of the Board for many reasons as he is closest to many facets of our business, including his frequent contact with our customers, regulators and shareholders. In addition, his direct involvement in the day to day management of our business ensures timely communication with the Board on critical business matters, which is important given the complexity and global nature of our business. Further, much of our business is conducted through our operating subsidiaries, which are overseen by their own board of directors on which Mr. Sprecher serves. The multiple roles in which Mr. Sprecher serves allows him to be a single point of contact to effectively communicate key issues and topics of importance to our Board of Directors. The Board of Directors believes this structure has functioned well and effectively balances a strong management team with appropriate safeguards and oversight by non-employee directors.

Board Oversight of Risk

Our Board of Directors is responsible for overseeing ICE's risk management process, which includes general risk management as well as particular risks facing our business. With the assistance of our Audit Committee, the Board oversees that our assets are properly safeguarded, that the appropriate financial and other controls are maintained, and that our business is conducted prudently and in compliance with applicable laws and regulations and our corporate governance structure. In this regard, our Board of Directors seeks to understand and oversee critical business risks and does not view the risks facing our business in isolation. While risks are considered in business decision-making and as part of our overall business strategy, the Board of Directors recognizes that it is neither possible nor prudent to eliminate all business risk. Our Board of Directors believes that purposeful and appropriate risk-taking is essential for our business to be competitive on a global basis, to continue to grow and diversify, and to achieve our overall business objectives.

While the Board oversees risk management, our management is charged with managing risk. We have adopted robust internal processes and a strong internal control environment to identify and manage operational and financial risks. The Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program and management communicates routinely with the Audit Committee on the risks identified and how they are being managed. Directors may, and often do, communicate directly with senior management on any areas of our business for which they would like additional information.

Board of Directors Governance Principles

We have adopted Governance Principles that guide the Board of Directors on matters of corporate governance, including composition of the Board of Directors; duties and responsibilities of the Board of

[Table of Contents](#)

Directors; committees of the Board of Directors; leadership, functioning and evaluation of the Board of Directors; director independence, orientation, compensation, education and access to management; access to independent advisors by our Board of Directors; number of public company boards that our directors can serve; term limits; and director compliance with the Code of Business Conduct and Ethics.

The Governance Principles also provide that non-management directors meet in executive session without the participation of management at all regularly scheduled meetings of the Board of Directors as deemed necessary and at any other time as necessary to fulfill the Board of Directors' responsibilities. In addition, the Governance Principles also state that if all non-management directors are not independent directors, then the independent directors will meet at least once annually. Our Governance Principles require that our directors limit their other directorships of public companies to five. Further, our Governance Principles require that employee directors tender their resignation from the Board of Directors coincident with their termination, resignation or retirement as employees.

A copy of the Governance Principles is available on our website at www.theice.com. We will provide a printed copy of the Governance Principles to stockholders upon request.

Stockholder Recommendations for Director Candidates

The Nominating and Corporate Governance Committee considers nominees recommended by stockholders as candidates for election to the Board of Directors. A stockholder wishing to nominate a candidate for election to the Board of Directors at an annual meeting is required to give written notice to our Secretary of his or her intention to make a nomination. Pursuant to our Amended and Restated Bylaws, the notice of nomination must be received not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting for the preceding year; provided, however, that if and only if the annual meeting is not scheduled to be held within a period that commences 30 days before and ends 30 days after such anniversary date, the stockholder notice must be given by the later of the close of business on the date 90 days prior to such annual meeting date or the close of business on the tenth day following the date on which the annual meeting is publicly announced or disclosed. Please see *Stockholders' Proposals for 2011 Annual Meeting* below for additional information.

To recommend a nominee, a stockholder should write to Corporate Secretary, c/o IntercontinentalExchange, Inc., 2100 RiverEdge Parkway, Suite 500, Atlanta, Georgia 30328. Any such recommendation must include:

COMPENSATION DISCUSSION & ANALYSIS

Introduction

Our Compensation Committee is responsible for designing, administering and implementing our executive compensation programs. The Compensation Committee is composed of three directors, each of whom is a “non-employee director,” as defined in Rule 16b-3 promulgated under the Exchange Act, and an “outside director,” as defined pursuant to Section 162(m) of the Code. The Compensation Committee determines the type and level of compensation for executive officers (generally defined as Section 16 officers under the Exchange Act, but the Compensation Committee has historically included all corporate officers under this definition), reviews the performance of the Chief Executive Officer, and oversees the administration of ICE’s Executive Bonus Plan, ICE’s broad-based employee annual bonus plan and all of ICE’s equity compensation plans. The Compensation Committee Charter, which is periodically reviewed and revised by the Compensation Committee and the Board of Directors, outlines the specific responsibilities of the Compensation Committee.

In this section, we discuss certain aspects of our compensation program as it relates to our principal executive officer (Jeffrey C. Sprecher, Chairman and Chief Executive Officer), our principal financial officer (Scott A. Hill, Senior Vice President, Chief Financial Officer), and our four other most highly-compensated executive officers in 2009 (Charles A. Vice, President and Chief Operating Officer; David S. Goone, Senior Vice President, Chief Strategic Officer; Edwin D. Marcial, Senior Vice President, Chief Technology Officer, and Sunil Hirani, former Senior Vice President, Corporate Development Officer). As discussed in more detail below, Mr. Hirani’s employment with us ended on December 31, 2009. These individuals are referred to as our “Named Executive Officers” or “NEOs”.

Compensation Objectives, Components and Practices

The goal of our executive compensation philosophy is to link compensation with individual achievement, company performance, and the creation of stockholder value. This philosophy manifests itself in the following four primary objectives:

- attract, retain and reward executive officers capable of achieving our business objectives;
- offer competitive compensation opportunities that reward individual contributions and corporate performance;
- align the interests of executive officers and stockholders through long-term equity incentives; and
- pay total compensation that is commensurate with the performance achieved and value created for stockholders.

Our compensation program offers several distinct elements that are designed to align performance with rewards, retain our executives and reward the achievement of the objectives outlined above, including:

- **Base salary:** The foundation of our executive compensation framework is base salary, which enables us to recruit and retain qualified employees and to offer a competitive compensation program. We operate in global and competitive markets, and a competitive base salary is required to develop and maintain a workforce capable of accomplishing ICE's business objectives. We offer base salaries commensurate with the experience of the executive and the scope of their role.
- **Annual bonus:** Our bonus plan is designed to reward the accomplishment of our short-term (i.e., approximately one-year) performance targets. For 2009, these targets reflect a balance between growth targets, profitability metrics, and other key strategic objectives, with a significant portion of the bonus plan funding tied to corporate financial results and a significant degree of "stretch" built in to encourage outstanding corporate performance. These bonuses include primarily quantitative but also qualitative components, based on both corporate and individual achievement.
- **Equity compensation:** Since our inception, we have offered broad-based equity awards that are intended to align the interests of all employees, including executive officers, and stockholders over a long-term (i.e., greater than one-year) period. We have used a variety of equity vehicles, including stock options, time-vesting restricted stock, and performance-based restricted stock to deliver long-term incentive compensation in a manner that is intended to align employee interests with the interests of our stockholders, while serving as a retention tool through multi-year vesting schedules. Equity holding requirements are also in place for all of our officers and directors. At more senior levels (i.e., officers and executive officers), the Compensation Committee places a heavier emphasis on performance-based awards that are generally comprised of a combination of stock options that only deliver value if ICE's share price increases above the strike price on the date of grant and other forms of performance-based awards that incorporate stretch targets so that the awards "pay for themselves" through increased earnings.
- **Benefits and perquisites:** As with the base salary, our benefits and perquisites are intended to attract and retain employees through a competitive and comprehensive benefits program.

For each NEO, the Compensation Committee reviews tally sheets that report total compensation paid to the NEO and compares both the total and each element of compensation against relevant and available market data, and targets the competitive market range, which has historically been between the 50th and 75th percentile. Mr. Sprecher provides input to the Compensation Committee regarding his views on the performance of the other officers during the Compensation Committee's annual review of salary, bonuses and equity awards. In addition to examining market data on individual positions, the Compensation Committee also focuses on the "total cost of management," which is a comprehensive review of all compensation elements for the corporate officer group. We strive to maintain a low fixed cost structure, which generally consists of the base salary and benefits and perquisites elements described above. The variable compensation elements consist of the annual bonuses and equity awards, which primarily are designed to deliver value to the executives only if we achieve or exceed our

[Table of Contents](#)

performance objectives. ICE has maintained a “pay for performance” orientation since its founding in May 2000. While we do not maintain formal targets for the allocation of total compensation through each of the compensation elements outlined above, our compensation structure is designed to deliver the majority of its value through variable pay elements. In 2009, the average mix of compensation for our NEOs was approximately 60% long-term incentive pay (comprised of stock options and performance-based restricted stock awards), 25% non-equity incentive plan compensation (the 2009 bonus awards) and 15% base salary, for a mix of approximately 40% cash and 60% non-cash compensation. This mix is illustrated by the following pie chart:

As noted above, our Compensation Committee does not prescribe specific targets for the mix of compensation but rather at the end of each year reviews our performance compared to our peers, compares our mix of compensation to our peers and attempts to align our mix of compensation with our short- and long-term goals.

The Compensation Committee utilizes a peer group to benchmark ICE’s total compensation program. ICE’s peer group includes comparably-sized financial exchanges, financial services providers, technology companies and related companies based on metrics such as revenue, market capitalization, and number of employees. The peer group is reviewed annually by the Compensation Committee, with assistance and recommendations from Towers Watson, our compensation consultant, and adjustments are made as necessary. The peer group was reduced from 23 companies in 2008 to 15 companies in 2009 to take into consideration changes in the financial and other performance metrics noted above, as well as consolidation by certain members of the 2008 peer group. The Compensation Committee reviews annually the executive pay practices of these peer companies as reported in industry surveys, public filings and reports from compensation consulting firms. This information is considered when making recommendations for each element of compensation. For 2009, this peer group was comprised of 15 publicly traded financial exchanges, “e-financial services,” and technology companies that were comparable to ICE in terms of revenue, employees, revenue per employee, market capitalization, and market capitalization per employee. The 2009 peer group consisted of the following companies:

| | | |
|--------------------------------|-----------------------------------|------------------------------|
| Citrix Systems Inc. | Interactive Data Corp. | The Nasdaq OMX Group Inc. |
| CME Group, Inc. | Investment Technology Group, Inc. | NYSE Euronext |

| GFI Group Inc. | MasterCard, Inc. | Salesforce.com Inc. |

Role of Compensation Consultant

The Compensation Committee has engaged a compensation consulting firm to serve as its external advisor since the founding of ICE in 2000. During 2009, the Compensation Committee retained Towers Watson

[Table of Contents](#)

(formerly known as Towers Perrin) to advise the Compensation Committee on executive compensation matters as requested by the Compensation Committee. Towers Watson provided competitive equity, bonus and salary data for certain positions within ICE, provided general benchmarking data against our peers, helped analyze our bonus and equity award programs, helped analyze our stock ownership guidelines and provided advice regarding the selection of our peer group.

The NEOs have not participated in the selection of this or any other compensation consultant. A representative from Towers Watson attends most Compensation Committee meetings and is available between meetings to act as a resource for the Compensation Committee and management. The Compensation Committee determines in its sole discretion which compensation consultant to retain for various services, and the consultant reports directly to the Compensation Committee. Use of a particular consulting firm by the Compensation Committee does not preclude management from hiring the same consulting firm and in the past, as illustrated below, management has hired Towers Watson for compensation benchmarking, benefits advisory services, and other human resources consulting services. During 2009, ICE paid Towers Watson fees in the amount of \$494,208 (inclusive of approximately \$182,000 in fees paid to subcontractors), of which approximately \$185,000 relates to executive compensation consulting services approved by the Compensation Committee. The remainder of the fees relate to benefits advisory, performance management consulting and project management assistance.

As discussed above in the “Compensation Committee” section, the Compensation Committee’s consultant, Towers Watson, advised the Compensation Committee with respect to benchmarking and analysis of ICE’s compensation programs for competitiveness against our peers. Towers Watson has historically prepared an annual, comprehensive benchmarking report based on ICE’s peer group that is used by the Compensation Committee in making decisions regarding base salary, annual bonuses and equity compensation. Towers Watson’s 2009 analysis focused on a review of competitive compensation practices for a sample of the officer positions at ICE, based on proxy statement data for the 15 companies in the peer group described above, as well as published survey data. Based on this review, we find that our mix of compensation emphasizes variable incentive compensation (as opposed to a fixed model of compensation) to a greater degree than our peer group. This focus on variable incentive compensation is consistent with the Compensation Committee’s emphasis on performance-based awards for officers.

Risk Assessment with Respect to Compensation

The Compensation Committee, with the assistance of its compensation consultant and management has completed a review of its compensation policies and programs, including those not applicable to NEO’s, and does not believe there are circumstances where the risks arising from these policies or programs are reasonably likely to have a material adverse effect on ICE. The review examined the balance of fixed and variable elements of compensation, mix of cash and non-cash components and the focus on both short- and long-term operational and financial performance alignment with shareholder interests. The Compensation Committee will continue to monitor the risk exposure of our compensation policies and programs and will report findings annually in our proxy statement.

Elements of Compensation

Base Salary

ICE has historically targeted a base salary for each officer that is between the median and 75th percentile of the market depending on the officer’s experience in their respective position and individual performance. Executive officers are eligible for a base salary increase each year that is determined under the business-wide performance review process and salary increase guidelines.

During 2009, given the continued economic downturn and despite Towers Watson findings that were supportive of increases, the Compensation Committee decided to freeze salaries at the levels that have been in place since January 2008 for the NEOs for fiscal year 2009, except in the case of Mr. Hirani whose salary was increased from \$350,000 to \$425,000 on March 1, 2009 in connection with bringing him onto ICE’s

[Table of Contents](#)

compensation program following the 2008 acquisition of Creditex Group Inc. The Compensation Committee must approve base salary changes for each of the executive officers, and can exercise its discretion to modify any recommendations regarding proposed salary adjustments. The Compensation Committee will review base salaries in May 2010 to determine if any adjustments are warranted.

Annual Bonus

ICE's approach to annual bonuses is structured to deliver total cash compensation (base salary plus annual bonus) that is competitive with our peers for commensurate performance, and we target a range between the median and 75th percentile of the market depending on the officer's experience in their respective position and corporate and individual performance. NEO's participate in our shareholder approved Executive Bonus Plan and target annual bonus award opportunities are established at the beginning of the fiscal year. Award opportunities are reviewed annually and annual bonus targets for 2009 remained consistent with 2008 levels at 125% of base salary for the Chief Executive Officer, 85% of base salary for the President, and from a range of 70% to 85% of base salary for Senior Vice Presidents. Actual awards paid in any year may range from no payouts to bonus payments above the established target level based on company and individual performance. Historically, we have not paid bonuses to executive officers in excess of 200% of the established target level and any potential payments are limited according to the terms of the Executive Bonus Plan.

At the beginning of each year, the Compensation Committee, and as it relates to financial and strategic metrics, the Board of Directors, approves company and individual goals for the year. From these goals, Management Business Objectives ("MBOs") are established that serve as the performance measures for that year's annual bonus plan. These well defined company and individual MBOs are typically made up of both financial (~90%) and non-financial (~10%) objectives and typically include performance criteria such as revenue growth, net income performance, earnings before interest, taxes, depreciation and amortization ("EBITDA") performance, market share, product launches, integration of acquisitions and key technology initiatives. In addition to driving officer bonuses, these MBOs are used in determining the bonus pool for all employees in our broad-based employee annual bonus plan.

At the end of each year, the Compensation Committee evaluates the Executive Bonus Plan funding (which is based on EBITDA performance) and awards annual bonus payments to the NEO's, relative to the target payments for the NEO's based on the achievement of the above noted, pre-established MBOs (covering both ICE and individual performance). The Compensation Committee also determines the overall bonus pool available for our broad-based employee annual bonus plan, based on the same MBO achievement criteria. This performance review necessarily involves a subjective assessment of corporate and individual performance by the Compensation Committee. Moreover, the Compensation Committee does not base its considerations on any single performance factor, but rather considers a mix of factors that balance both growth and profitability metrics and evaluates ICE and individual performance against that mix. The Compensation Committee believes that it is appropriate to use subjective assessments (within the context of the objective funding formula provided for in the shareholder approved Executive Bonus Plan) for the annual bonus determination in light of ICE's rapid growth, its rapidly changing industry, the existence of few direct peer companies, and the challenges inherent in establishing objective and strictly budget-based goals in a dynamic environment. The Compensation Committee reviews ICE's performance relative to the MBOs throughout the year on a quarterly basis, and also monitors and approves the bonus accruals throughout the fiscal year. The Compensation Committee strives to set the performance targets for the annual bonus plan at levels that are achievable but challenging, and incorporate a significant degree of "stretch" to encourage and reward outstanding corporate performance. The payout structure is leveraged to provide higher payouts in years of exceptional performance while performance below the target level(s) will yield lower payouts. While the 2009 goals were achieved, the Compensation Committee believes the goals were sufficiently challenging given economic and competitive conditions facing us.

In December 2009 and February 2010, the Compensation Committee reviewed ICE's performance against the pre-established MBOs and the funding established in the Executive Bonus Plan for the year and, by applying the framework discussed above, authorized payouts noted below for the NEOs. While reviewing ICE's performance, the Compensation Committee examined, among other things, financial and non-financial

[Table of Contents](#)

performance metrics to determine the annual bonus awards for 2009. The following financial MBOs were evaluated for purposes of determining annual bonus awards:

| <u>Financial Metric</u> | <u>2009 Goal</u> | <u>2009 Actual</u> | <u>Change From 2008</u> |
|---|------------------|--------------------|-------------------------|
| Consolidated Revenue | \$972 Million | \$995 Million | + 22% |
| Consolidated Net Income Attributable to ICE | \$ 293 Million | \$ 316 Million | + 5% |
| Consolidated EBITDA | \$587 Million | \$ 624 Million | + 12% |

In addition to the above financial performance, the Compensation Committee considered 2009 non-financial performance relative to MBOs that included, but was not limited to, the acquisition of The Clearing Corporation, the launch of ICE Trust U.S. LLC, execution on our global credit default swap strategy, integration of acquisitions, enhanced product offerings, regulatory compliance, trading system performance, key risk management initiatives, and fulfilling our growth and profitability initiatives.

Based on the above, the following annual bonus awards for fiscal year 2009 were approved by the Compensation Committee:

| <u>Name and Position</u> | <u>2009 Annual Bonus</u> |
|---|--------------------------|
| Jeffrey C. Sprecher Chairman and Chief Executive Officer | \$ 1,846,800 |
| Charles A. Vice President and Chief Operating Officer | \$ 680,400 |
| David S. Goone Senior Vice President, Chief Strategic Officer | \$ 583,200 |
| Scott A. Hill Senior Vice President, Chief Financial Officer | \$ 631,800 |
| Edwin D. Marcial Senior Vice President, Chief Technology Officer | \$ 486,000 |
| Sunil Hirani Former Senior Vice President, Corporate Development Officer | \$ 600,000 |

All annual bonus awards for the NEOs were paid in cash during February 2010, and are included in the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table.

The performance targets in 2010 will be substantially similar to those utilized in 2009. That is, the Executive Bonus Plan will continue, as approved by shareholders, to fund a bonus pool at the rate of 3% of EBITDA. The Compensation Committee will evaluate this funding, as well as ICE's performance against Revenue, Net Income and EBITDA growth targets, as well as non-financial MBOs related to the enhancement of product offerings, regulatory compliance, integration of acquisitions, system performance and execution on our strategic initiatives. Please refer to the Investors & Media section of our website (www.theice.com) for publicly available information related to our financial performance.

Equity Compensation

The Compensation Committee believes that long-term incentives, primarily delivered through equity grants, are an effective vehicle to align the interests of executive officers with those of stockholders, encourage ownership in ICE and serve as a retention tool through multi-year vesting schedules. ICE is sensitive to the concerns of its stockholders regarding the potential dilutive impact of equity awards, and also takes into account the relevant accounting and tax impact of all potential forms of equity awards in designing its grants. Equity awards are designed to target an individual grant date value between the market median to 75th percentile of ICE's peer group, though actual awards may vary based on individual performance, internal equity considerations (including historical equity awards) and retention objectives.

[Table of Contents](#)

In December 2007, the Compensation Committee approved an equity award to the executive officer group that included a mix of stock options and performance-based restricted stock units. The performance-based restricted stock units were earned based on the accomplishment of 2008 EBITDA performance and were subject to a market condition that reduced the number of shares that were earned by 20% based on ICE's 2008 total shareholder return ("TSR") performance as compared to the S&P 500 index and vest based on continued employment. The range of shares that could be issued under the performance-based restricted stock unit awards ranged from zero for performance below the threshold performance target, 50% of the target award for performance at the threshold, 100% of the target award for performance at the target, and 250% of the target award for performance at the maximum performance level. These awards vest over a three-year vesting schedule. The Compensation Committee determined that ICE's EBITDA for the 2008 fiscal year was approximately 97% of the target for this award, which is between the threshold and target levels, and ICE's 2008 TSR trailed the S&P 500 index TSR by more than 10%, which resulted in individual awards at 71.464% of the target level. The first tranche (1/3) of shares earned pursuant to performance-based restricted stock units granted on December 24, 2007 were delivered on February 13, 2009 following the Compensation Committee certification of the achievement of the performance target and the filing of ICE's 2008 audited financial statements in its Form 10-K, the second tranche (1/3) of shares were delivered in January 2010 and the final tranche (1/3) is scheduled to vest in January 2011.

In December 2008, the Compensation Committee approved an equity award to the executive officer group that included a mix of stock options and performance-based restricted stock units. The performance-based restricted stock units were earned based on the accomplishment of 2009 EBITDA performance, subject to a market condition that reduced the number of shares that were earned by 20% based on ICE's 2009 TSR performance as compared to the Dow Jones Global Exchanges Index ("DJ GEI"). The stock market condition required a reduction of the number of shares earned by 10% if the TSR on ICE's Common Stock during 2009 was below the DJ GEI Index by 10% or less and by 20% if the TSR on ICE's Common Stock during 2009 was below the DJ GEI Index by more than 10%. The range of shares that could have been earned under the performance-based awards ranged from zero for performance below the threshold performance target, 50% of the target award for performance at the threshold, 100% of the target award for performance at the target, and 250% of the target award for performance at the maximum performance level. These equity awards vest over a three-year vesting schedule. The Compensation Committee determined that ICE's EBITDA for the 2009 fiscal year was approximately 106% of the target for this award. ICE's 2009 TSR trailed the DJ GEI TSR by more than 10%, which resulted in a 20% reduction to award levels. The combined impact of the above target EBITDA performance and the TSR reduction resulted in individual awards at 119.6% of the target level. The first tranche (1/3) of shares earned pursuant to performance-based restricted stock units granted on December 16, 2008 were delivered on February 12, 2010 following the Compensation Committee certification of the achievement of the performance target and the filing of ICE's 2009 audited financial statements in its Form 10-K. Based on continued employment, the second tranche (1/3) is scheduled to vest in January 2011 and the final tranche (1/3) is scheduled to vest in January 2012.

In December 2009, the Compensation Committee approved an equity award to the executive officer group that included a mix of stock options and performance-based restricted stock units. The performance-based restricted stock units are earned based on the accomplishment of 2010 EBITDA performance, subject to a market condition that might reduce the number of shares that may be earned based on ICE's 2010 TSR performance as compared to the S&P 500 index and vest based on continued employment. In the event ICE outperforms the EBITDA target for this award, the stock market condition will reduce the number of shares earned above target by 10% if the TSR on ICE's Common Stock during 2009 is below the S&P 500 index by 10% or less and by 20% if the TSR on ICE's Common Stock during 2009 is below the S&P 500 index by more than 10%. The range of shares that can be earned under the performance-based awards ranges from zero for performance below the threshold performance target, 50% of the target award for performance at the threshold, 100% of the target award for performance at the target, and 250% of the target award for performance at the maximum performance level. The actual amount earned will be prorated for performance levels that fall between the specified performance targets. Both the stock option and performance-based restricted stock unit awards vest over a three-year vesting schedule. The Compensation Committee relied on benchmarking data from Towers Watson, and considered

[Table of Contents](#)

retention and performance factors, to construct grant guidelines for these equity awards. Based on this information, the December 10, 2009 awards to the NEOs consisted of the following grants:

| <u>Name</u> | <u>Stock Options</u> | <u>Performance-Based Restricted Stock Units at Target Performance</u> |
|---------------------|----------------------|---|
| Jeffrey C. Sprecher | 27,615 | 26,547 |
| Charles A. Vice | 13,150 | 12,641 |
| David S. Goone | 9,862 | 9,481 |
| Scott A. Hill | 9,862 | 9,481 |
| Edwin D. Marcial | 6,575 | 6,320 |
| Sunil G. Hirani | — | — |

The December 10, 2009 stock options have a strike price of \$106.00, which was the closing price of our Common Stock on the grant date. The full range of awards for each NEO is illustrated in the “2009 Grants of Plan-Based Awards” table below.

We do not maintain formal targets for the allocation of various forms of non-cash awards. For the NEOs, ICE places a heavier emphasis on performance-based awards that are generally comprised of a combination of stock options that only deliver value if our share price increases above the strike price on the date of grant and other forms of performance-based awards that incorporate stretch targets. In some cases, the Compensation Committee has utilized time-vesting restricted stock in order to give NEOs an immediate link to the creation of stockholder value and to serve as a retention device. For example, a component of Mr. Hill’s new hire equity award in May 2007 consisted of time-vesting restricted stock in addition to stock options. The Compensation Committee monitors the mix of equity awards by reviewing competitive equity data provided by its compensation consultant.

Equity awards are normally approved at a regularly scheduled Compensation Committee meeting or, in rare circumstances, via action by unanimous written consent after prior review of the grant materials. ICE management is not authorized to approve equity awards for officer level employees, and does not have the discretion or authority to govern the timing of equity awards. In 2009, no equity awards for officers were approved outside of a Compensation Committee meeting. ICE uses the closing price of its Common Stock on the NYSE on the grant date for purposes of establishing the strike price of stock options and for accounting purposes of other equity awards. ICE has not issued stock options with an exercise price below the fair market value of its Common Stock on the date of grant. The Compensation Committee does not seek to time the approval of equity awards with the release of material, non-public information. Historically, annual equity awards are granted in December, except in the event of new hires, promotions, or special one-time award situations related to performance or other special circumstances.

Benefits and Perquisites

The benefits and perquisites offered to our executive officers are substantially the same as those offered to all ICE employees. ICE provides medical insurance, life and disability insurance, and other benefits to executives that are generally available to other employees. For its U.S. executive officers, ICE provides an enhanced term life insurance benefit (calculated at five times salary less \$100,000) and a supplemental disability insurance benefit that is designed to approximate the total benefit level (60% of eligible compensation) that cannot be afforded through the limits in our group disability plans (\$10,000 per month). Our contributions to these benefits programs are included in the “All Other Compensation” section of the Summary Compensation table below. There are no other perquisites provided to any of our executive officers that would require disclosure in the Summary Compensation Table.

Retirement Plans

We provide retirement benefits to U.S. corporate officers through a 401(k) retirement plan on the same terms and conditions as those offered to all ICE employees. Generally, we provide an immediately vested

[Table of Contents](#)

matching contribution of 100% of the first 5% of employee deferrals of eligible compensation, subject to Internal Revenue Service limits. We do not offer a defined benefit pension plan or any other form of supplemental executive retirement plan.

Clawback Policy

Currently, ICE does not have a clawback policy in place. However, the Compensation Committee considered adopting a clawback policy for cash and equity awards at a meeting in March 2010 and plans to review a revised policy at its meeting in May 2010.

Stock Ownership Guidelines

The Compensation Committee believes that it is in the best interest of stockholders for ICE's executives and directors to own a significant amount of ICE Common Stock. Moreover, a meaningful direct ownership stake by our executives and directors demonstrates to our other investors and stockholders a strong commitment to ICE's success. Accordingly, at its March 2009 meeting, with the assistance of Towers Watson, the Compensation Committee adopted an updated Stock Ownership Policy. This policy is applicable to all ICE officers and directors, and requires the following level of ownership (expressed as a multiple of base salary for executives and a multiple of annual cash retainer for directors):

| <u>Position</u> | <u>Ownership Multiple</u> |
|---|---------------------------------|
| Chief Executive Officer | ten times base salary |
| President | four times base salary |
| Senior Vice Presidents | two times base salary |
| Vice Presidents and any other corporate officer | one times base salary |
| Members of the Board of Directors of ICE | five times annual cash retainer |

In determining the ownership multiple, the Compensation Committee considered information about ownership multiples at its peer companies and recommendations from third party groups such as Risk Metrics Group. "Ownership," for purposes of this Stock Ownership Policy, includes (i) shares of ICE common stock that are owned outright (including those held by a spouse or dependent children), (ii) vested "in the money" stock options, and (iii) unvested restricted stock, restricted stock units and any deferred vested restricted stock units that are not subject to any performance based vesting metric. All unvested stock options, underwater stock options and unearned performance-based equity awards do not count towards the ownership targets. A new corporate officer will have five years from their date of hire or appointment as an officer to comply with this Stock Ownership Policy and a new director will have three years from their date of joining the Board of Directors to comply with this Stock Ownership Policy. The Compensation Committee will monitor the ownership levels of its executives and directors during this transition period.

To facilitate meeting the minimum holding requirements as specified in this Stock Ownership Policy in a timely fashion, the Compensation Committee recommends that all corporate officers and directors retain a minimum of 50% of the net value of each stock option exercise and vesting of restricted shares for all future grants of stock options or restricted stock until such corporate officer or director has satisfied the minimum stock ownership targets for their position. Further, the Compensation Committee recommends that for all future grants of stock options or restricted stock to the Chief Executive Officer, the Chief Executive Officer should retain a minimum of 50% of the net value of each stock option exercise and vesting of restricted shares for three years beyond the applicable exercise or vesting date.

The Compensation Committee will monitor the ownership levels of our officers and directors on at least an annual basis. In the event of noncompliance by a corporate officer or director, the Compensation Committee will review the facts and circumstances regarding the noncompliance and will use its discretion in determining the appropriate corrective actions and/or penalties. Such corrective actions and penalties include, but are not limited to, instructing the officer or director to buy shares of our common stock in the open market to comply with the Stock Ownership Policy, reducing or eliminating future equity grants to the officer or director until they comply with the Stock Ownership Policy or issuing a warning to the officer or director.

Policy on Deductibility of Compensation

Section 162(m) of the Code generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent that such compensation exceeds \$1 million per officer in a calendar year. Compensation that is "performance-based compensation" within the meaning of the Code does not count toward the \$1 million limit. Performance-based compensation that has been approved by ICE's stockholders is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the Compensation Committee of the Board of Directors that establishes such goals consists only of "outside directors" (as defined for purposes of Section 162(m)).

ICE's policy is to maximize the deductibility of executive compensation so long as the deductibility is compatible with the more important objectives of retaining executives and maintaining competitive performance-based compensation that is aligned with strategic business objectives. In 2009, stockholders approved two incentive plans designed to be compliant with Section 162(m) in order to preserve ICE's ability to provide compensation that is "performance-based" within the meaning of the Code and therefore preserve ICE's ability to maximize the deductibility of executive compensation.

Notes

- (1) The amounts in this column represent the aggregate grant date fair value of all restricted stock grants in the calendar year, calculated in accordance with FASB ASC Topic 718, which is equal to our closing price on the grant date times the number of performance-based restricted stock units granted, less a haircut on performance-based award fair value based on the probability that the market condition is not achieved. The 2009 performance-based award fair value is listed assuming the target number of shares are earned. If the highest level of performance were achieved, then the reported amounts would be \$6,894,255, \$2,462,215, \$3,282,868, \$2,462,215, \$1,641,305 for each of Messrs. Sprecher, Hill, Vice, Goone and Marcial respectively.
- (2) The amounts in this column represent the aggregate fair value of all stock option grants in the calendar year. The 2009 values represent stock options granted on December 10, 2009 with a three-year vesting schedule (33.3% after one year and the balance vesting ratably over the remaining 24 months). The 2009 grant date fair value was calculated, in accordance with FASB ASC Topic 718, at \$50.19 utilizing the Black-Sholes method and the following assumptions: Exercise Price = Fair Market Value on the Date of Grant: \$106.00, Expected Volatility: 60.5%, Expected Life: 4 years, Expected Dividend Yield: 0%, Risk-Free Interest Rate: 1.73%.
- (3) The amounts in this column represent fiscal year 2007 through 2009 bonus awards that were paid in January or February of the following calendar year.
- (4) The amounts in this column represent the items in the "2009 All Other Compensation" table below. As illustrated in the 2009 All Other Compensation table, Mr. Hirani's compensation includes a separation payment of \$904,803.

Notes

- (1) The amounts in this column are calculated by multiplying the number of shares acquired on exercise by the difference between the fair market value of our Common Stock on the date of exercise and the exercise price of the stock options.
- (2) The amounts in this column are calculated by multiplying the number of shares that vested during 2009 by the fair market value of our Common Stock on the vesting date. As noted below, the 2004 restricted stock unit grants were not issued on the vesting date. Rather, the shares were delivered in accordance with individual deferral elections regarding the timing of distribution. The first tranche (33.3%) of shares earned pursuant to performance-based restricted stock units granted on December 16, 2008 was issued on February 12, 2010 following the Compensation Committee certification of the achievement of the performance target.

2009 Nonqualified Defined Contribution and Other Deferred Compensation Plans

We do not maintain any nonqualified defined contribution plans or nonqualified deferred compensation plans, such as a supplemental executive retirement plan, 401(k) excess plan, or other vehicles to defer the receipt of cash or equity compensation. In prior years, we disclosed awards of restricted stock units granted in 2004 under the 2004 Restricted Stock Plan in this section due to the fact that the issuances of shares pursuant to these awards were made in accordance with individual deferral elections regarding the timing of distributions. Pursuant to these individual deferral elections, all such shares have been issued in full and no deferrals remain. We no longer use the 2004 Restricted Stock Plan for making equity awards.

Employment Agreements and Other Factors Affecting 2009 Compensation

We have entered into employment agreements with each of the NEOs, other than Mr. Hirani, which contain provisions that govern compensation in the event of termination for cause, termination by ICE unrelated to a change in control, and termination by ICE after a change in control. The material provisions regarding the employment agreements and the provisions governing these termination scenarios are described below. ICE executed amended and restated versions of its employment agreements in December 2008, which were included on a Current Report on Form 8-K that was filed with the SEC on January 7, 2009.

Term of Employment

Each employment agreement with our NEOs provides for an initial employment term of three years for Messrs. Sprecher, Vice, and Goone, and two years for Messrs. Hill and Marcial, which will be automatically extended every six months during the term of each agreement so that the remaining term of the agreement is never more than three years or less than two and a half years, in the case of Messrs. Sprecher, Vice and Goone, and never more than two years or less than one and a half years in the case of Messrs. Hill and Marcial, unless either ICE or the executive, prior to the date of extension, give written notice to the other that there will be no extension. The effect of this provision is to ensure that the term remaining under any of these agreements is never more than the initial term and never less than six months less than the initial term.

Base and Bonus Compensation

Each employment agreement provides for an initial annual base salary. Each of these executives is also eligible to receive an annual bonus that is reasonable in light of his contribution for that year and contributions made by and bonuses paid to ICE's other senior executives for such year, and also to receive, from time to time grants of awards under our equity plans, in each case as determined by the Compensation Committee or by the Board of Directors as a whole.

Non-competition

Each executive agrees under his employment agreement that for the term of his employment agreement or, if less, for the one-year period which starts on the date that his employment terminates, not to assume or perform

[Table of Contents](#)

any managerial or supervisory responsibilities and duties that are substantially the same as those that he performs for ICE for any other business entity that engages in operating global commodity and financial products marketplaces for the trading of physical commodities, futures contracts, options contracts, and other derivative instruments, providing risk management tools and clearing services and providing market data relating to these services in which ICE is engaged as of the date of termination of the executive's employment or in which ICE proposes to engage under its business plan as in effect on such date, if any site of any of the offices or equipment of such competitive business is located in the United States, Canada, the United Kingdom or Singapore. The employment agreements provide that each executive may own up to five percent of the stock of a publicly traded company that engages in such competitive business so long as they are only passive investors and are not actively involved in such company in any way.

Non-solicitation

Each executive is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any of its customers or customers of its affiliates with whom the executive had contact, knowledge or association (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twenty-four month period immediately preceding the beginning of the "restricted period." "Restricted period" means the remainder of the executive's term of employment without regard to the reason for the executive's termination of employment (as such initial term may have been extended under the agreement).

Each executive is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any other officer, employee or independent contractor of ICE or its affiliates with whom the executive had contact, knowledge or association to terminate his employment or business relationship with ICE or its affiliates (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twelve month period immediately preceding the beginning of the "restricted period."

Confidentiality Provisions

Each of the executives named above is subject to customary confidentiality provisions during the term of employment and for a specified period after termination, and each executive must not use or disclose any of ICE's trade secrets for as long as they remain trade secrets.

Termination for Cause or Executive Resignation Other than for Good Reason

If ICE terminates an executive for "Cause," as such term is defined below, or any such executive resigns other than for "Good Reason," as such term is defined below, ICE must pay the executive, among other benefits, all accrued but unpaid salary, annual bonus, if any, and unreimbursed expenses.

Termination Unrelated to a Change in Control

If the termination of an executive is unrelated to a "change in control", as such term is defined below, ICE must pay a lump sum cash payment equal to his salary and bonus for the remainder of the employment term, with the bonus so paid equal to the greater of the last annual bonus paid to him prior to termination and a specified percentage of base salary. The specified percentages for the bonus figure are 125% of salary for Mr. Sprecher, 85% of salary for Messrs. Vice and Goone, and 70% of salary for Messrs. Hill and Marcial. In addition, any stock options or other equity awards granted after the date of the original employment agreement will become exercisable or earned upon the executive's termination. In addition, ICE must continue to make available coverage under the employee benefits plans as if an executive remained employed for the "Welfare Benefit Continuation Period," which is defined as two years for Messrs. Sprecher, Vice, and Goone, and one and one-half years for Messrs. Hill and Marcial. If an executive delivers written notice that there will not be an extension of the agreement to ICE, the Welfare Benefit Continuation Period is the shorter of the period defined above or the balance of the term of the Employment Agreement.

"Cause," as used in the employment agreements, generally means: (i) the employee is convicted of, pleads guilty to, or otherwise admits to any felony or act of fraud, misappropriation or embezzlement; (ii) the employee

[Table of Contents](#)

knowingly engages or fails to engage in any act or course of conduct that is (a) reasonably likely to adversely affect ICE's rights or qualification under applicable laws, rules or regulations to serve as an exchange or other form of a marketplace for trading the products defined in the non-competition section or (b) that violates the rules of any exchange or market on which ICE effects trades (or at such time are actively contemplating effecting trades) and is reasonably likely to lead to a denial of ICE's right or qualification to effect trades on such exchange or market; (iii) there is any act or omission by the employee involving malfeasance or gross negligence in the performance of his duties and responsibilities or the exercise of his powers to the material detriment of ICE; or (iv) the employee (a) breaches any of the covenants made under his employment agreement or (b) violates any provision of any code of conduct adopted by ICE that applies to him if the consequence to such violation ordinarily would be a termination of his employment.

"Change in Control," as used in the employment agreements, generally means: (i) any person is or becomes the beneficial owner, directly or indirectly, of securities representing 30% or more of the combined voting power of any outstanding ICE securities eligible to vote in an election of directors (subject to certain exceptions, including if such person is the executive, an entity controlled by the executive or group of which the executive is a member); (ii) any dissolution or liquidation of ICE or any sale or disposition of 50% or more of ICE's assets or business; or (iii) the consummation of any reorganization, merger, consolidation or share exchange or similar form of corporate transaction involving ICE, unless (a) the persons who were the beneficial owners of outstanding ICE securities eligible to vote in an election of directors immediately before the consummation of such transaction hold more than 60% of the voting power immediately following the consummation of such transaction, and (b) each such person holds such securities in substantially the same proportion immediately following the consummation of such transaction as each such person had held immediately prior to the consummation of such transaction.

"Good Reason" generally means: (i) there is a material reduction in the executive's base salary or opportunity to receive any annual bonus and equity grants without the executive's express written consent; (ii) there is a material reduction in the scope, importance or prestige of the executive's duties; (iii) ICE transfers the executive's primary work site to a site that is more than thirty miles from his then current work site; (iv) ICE, after a change in control, changes the executive's job title or fails to continue to make available to the executive the same or equivalent plans, programs and policies; (v) there is a material breach of his employment agreement; or (vi) in the case of Mr. Sprecher, ICE fails to nominate Mr. Sprecher for re-election to the Board of Directors.

Termination Following a Change in Control

If the termination occurs after the effective date of a Change in Control of ICE, ICE must pay the executive a lump sum amount of cash equal to a multiple of his salary and bonus. This multiple is three for Messrs. Sprecher, Vice and Goone, and two for Messrs. Hill and Marcial. The initial multiples were set in 2002 and are reviewed periodically by the Compensation Committee. In these circumstances, the applicable bonus amount will be the greater of the executive's last annual bonus and a specified percentage of base salary. As discussed in more detail in the Compensation, Discussion and Analysis, the specified percentages for the bonus figure are 125% of salary for Mr. Sprecher, 85% of salary for Messrs. Vice and Goone, and 70% of salary for Messrs. Hill and Marcial. ICE will also provide gross up payments to the terminated executive as necessary to compensate him for liability for certain excise taxes that may become due as a result of payments called for under the employment agreement. In addition, ICE must continue to make available coverage under the employee benefits plans as if an executive remained employed for the Welfare Benefit Continuation Period. If an executive delivers written notice to ICE, the Welfare Benefit Continuation Period is the shorter of the period defined above or the balance of the term of the Employment Agreement.

An executive terminated following, or as a result of, a Change in Control will be entitled to exercise his stock options that had been granted after entering into the employment agreement for the same period as if the executive had continued in employment through the remainder of his term. All of the executive's stock options or other forms of equity awards granted after the date of the employment agreement will become exercisable or vest upon the executive's termination.

Termination Agreement with Mr. Hirani

Pursuant to the terms of Mr. Hirani's employment agreement with Creditex Group Inc., and the 1999 Creditex Stock Option Plan, both of which we assumed in our 2008 acquisition of Creditex, Mr. Hirani was provided the following upon his separation from ICE, which was deemed to be a termination without "cause": (i) payment for the annual bonus that has been earned through the date of separation, (ii) one-time payment in an amount equal to the average bonus paid over the last three years, (iii) vesting of any unvested equity issued from the 1999 Creditex Stock Option Plan, and (iv) continuation of salary and certain employee benefits, subject to cost sharing by Mr. Hirani, for twelve months following his separation. Additionally, Mr. Hirani forfeited unvested equity awards granted in 2008 from our 2000 Stock Option and 2005 Equity Incentive Plans.

Notes

- (1) These amounts represent cash severance payments in accordance with employment agreements under certain termination scenarios as described in the table. These calculations assume all earned base salary and annual incentive payments have been paid. The duration of the employment term has been assumed to equal

[Table of Contents](#)

three years for Messrs. Sprecher, Vice and Goone, and two years for Messrs. Marcial and Hill. Also, in light of the assumed termination date of December 31, 2009, the fiscal year 2008 bonus that was paid in January 2009 is the last bonus paid for purposes of the severance calculation under the employment agreements.

- (2) The welfare benefit continuation costs include medical, dental, basic life insurance, and executive life insurance premiums. No additional costs are assumed at the end of the welfare benefit continuation period, as described above.
- (3) The market value of stock awards is calculated based on the closing price of our Common Stock on the New York Stock Exchange on December 31, 2009: \$112.30. These costs include the repurchase of unvested restricted stock granted under the 2005 Equity Incentive Plan at the price of \$.01 per share under certain termination scenarios, the acceleration of vesting of unvested equity awards under other termination scenarios as described above and the performance award approved on December 10, 2009 assuming target performance. These amounts do not include the value of vested equity awards as of December 31, 2009.
- (4) These amounts include the payment of golden parachute excise taxes and income tax gross-up payments, if applicable, under Internal Revenue Code Section 280G. In light of the assumed termination date of December 31, 2009, the "Base Amount" for these calculations uses the five-year W-2 compensation from 2004 through 2008.

Compensation Committee Interlocks and Insider Participation

None of our executive officers or directors serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors who are also ICE employees do not receive additional compensation for serving as directors. For 2009, non-employee director compensation consisted of:

- An annual retainer of \$45,000;
- An annual retainer of \$10,000 for committee members of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and the Regulatory Oversight Committee;
- An annual retainer for committee chairpersons (in lieu of the committee member retainers described above) of: \$25,000 for the Audit Committee; \$20,000 for the Compensation Committee; and \$20,000 for the Nominating and Corporate Governance Committee and Regulatory Oversight Committee;
- A lead director fee of \$50,000 (Mr. Salerno has been chosen to serve as the lead director in 2010); and
- A grant of \$175,000 in the form of restricted stock units that vest one year from the date of grant (with the number of units calculated at the time of grant by dividing the annual grant value by the closing price per share of the date of grant).

Directors do not receive fees for individual Board of Directors or committee meetings in addition to the annual retainers referenced above. Non-employee directors are permitted to elect a restricted share deferral mechanism for cash fees through the 2003 Restricted Stock Deferral Plan for Outside Directors, which are made through annual elections prior to the year of service, with a 10% discount on the value of Common Stock for any fees deferred through this method.

As with its executive compensation program, the Compensation Committee utilizes the services of an independent compensation consultant, Towers Watson, to benchmark the competitiveness of its director

[Table of Contents](#)

compensation program. The Compensation Committee reviewed a director compensation benchmarking report in May 2009 from Towers Watson that analyzed each aspect of director compensation against the same 15 peer companies that were utilized for the executive compensation benchmarking report. Based on the results of this report and consultation with its compensation consultant, the Compensation Committee did not make any changes to the ICE director compensation framework above during 2009.

In addition, in some cases, non-management directors who also serve as directors on the boards of our subsidiaries receive additional compensation for such services. In 2009, six of our non-management directors served as members of the boards of directors of our regulated subsidiaries: ICE Futures Europe, ICE Clear Europe, ICE Trust U.S. LLC, ICE Futures U.S., Inc. and ICE Clear U.S., Inc. In the future, we also may provide office space for our directors that serve as chairperson of the board of directors of an operating subsidiary.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors has delegated to the Nominating and Corporate Governance Committee the authority to review and approve all transactions between us and one or more of our directors, or between us and any corporation, partnership, association or other organization in which one or more of our directors or officers serve as a director or officer or have a financial interest. In addition, our Code of Business Conduct and Ethics, which applies to all employees, officers and directors, generally prohibits conflicts of interests and that such conflicts in all cases should be discussed with management (or the Chief Executive Officer, in the case of conflicts related to outside employment or board membership). The Nominating and Corporate Governance Committee reports the findings of any review and its determinations regarding transactions with related persons to the full Board of Directors.

Our Board of Directors has also adopted a formal, written related-party transactions approval policy that provides that the Nominating and Corporate Governance Committee or the Board of Directors will review and approve transactions in excess of \$120,000 of value in which we participate and in which a director, executive officer or 5% stockholder (or immediate family member of any of the foregoing) has or will have a direct or indirect material interest. Under this policy, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will be provided with the significant details of each related party transaction, including the material terms of the transaction and the benefits to ICE and to the relevant related party, as well as any other information it believes to be relevant to review and approve these transactions. In determining whether to approve a related party transaction, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will consider, among other factors: (i) whether the terms of the transaction are fair to ICE; (ii) whether there are business reasons for ICE to enter into the transaction; (iii) whether the transaction would impair the independence of a non-employee director; and (iv) whether the transaction presents an impermissible conflict of interest, taking into account the size of the transaction, the financial position of the director, officer or related party, the nature of his or her interest in the transaction and the ongoing nature of the transaction. After consideration of the relevant information, the Board of Directors may approve only those related party transactions that they determine are not inconsistent with the best interests of ICE. This policy also includes categorical standards providing that specified types of transactions will be deemed not to be inconsistent with the best interests of ICE.

Relationships with Our Stockholders

Registration Rights

As a part of the transactions surrounding our formation, we entered into an agreement with our predecessor company, CPEX, on May 11, 2000. Our Chief Executive Officer, Mr. Sprecher, owns all the equity interests in CPEX. Pursuant to the agreement, CPEX conveyed all of its assets and liabilities to us. These assets included intellectual property that we used to develop our electronic platform. In return, we issued to CPEX an equity interest in our business and we agreed to give CPEX a put option, by which CPEX could require us to buy its equity interest in our business at the purchase price equal to either our fair market value or \$5 million, whichever is greater.

In connection with our initial public offering, in October 2005 we entered an agreement with CPEX and Mr. Sprecher to terminate the put option upon the closing of our initial public offering. In connection with the termination of the put option, we amended certain registration rights previously granted to CPEX, which as of March 23, 2010 owns 1,607,341 shares of our Common Stock. Under this agreement, CPEX is entitled to require us to register for resale into the public market its Common Stock if Mr. Sprecher's employment with us has been terminated. In addition, we may be obligated to pay the expenses of registration of such shares, including underwriters discounts up to a maximum of \$4.5 million.

Other

Kelly L. Loeffler, a corporate officer and our Vice President, Investor Relations and Corporate Communications, is married to Jeffrey C. Sprecher, our Chairman and Chief Executive Officer. Since joining ICE in September 2002, Ms. Loeffler has reported directly to our Chief Financial Officer. In 2009, Ms. Loeffler received total cash compensation of approximately \$470,000.

SECTION 16(A) OF THE SECURITIES EXCHANGE ACT BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act and regulations of the SEC require our directors, officers and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of such persons, to file initial reports of their ownership of our equity securities and subsequent reports of changes in such ownership with the SEC. Directors, officers and persons owning more than 10% of a registered class of our equity securities are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports received by us and on information provided by the reporting persons, we believe that during the fiscal year ended December 31, 2009, our directors, officers and owners of more than 10% of a registered class of our equity securities complied with all applicable filing requirements.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of our financial reporting, compliance with legal and regulatory requirements, systems of internal controls, qualifications and independence of our independent registered public accounting firm, performance of our internal audit function and independent auditors, financial reporting processes and such other functions as the Board may assign from time to time. Our Board of Directors has adopted an Audit Committee Charter, which sets forth the responsibilities of the Audit Committee. A copy of the Audit Committee Charter is available on our website at www.theice.com.

The Audit Committee held nine meetings during the fiscal year ended December 31, 2009. The Audit Committee reviewed and discussed with management and Ernst & Young LLP our audited financial statements for the fiscal year ended December 31, 2009. The Audit Committee also discussed with Ernst & Young LLP the matters required under Statement on Auditing Standards No. 114 (Codification of Statements on Auditing Standards).

The Audit Committee also received the written disclosures and the letter from Ernst & Young LLP required by Rule 3526 of the Public Company Accounting Oversight Board (Communications with Audit Committees Concerning Independence) and has discussed with Ernst & Young LLP its independence. The Audit Committee reviewed the audit and non-audit services provided by Ernst & Young LLP for the fiscal year ended December 31, 2009 and determined to engage Ernst & Young LLP as the independent registered public accounting firm of IntercontinentalExchange for the fiscal year ending December 31, 2010.

Based upon the Audit Committee's review of the audited financial statements and the discussions noted above, the Audit Committee recommended that the Board of Directors include the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the SEC.

**ITEM 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors, in accordance with its charter and authority delegated to it by the Board, has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2010, and the Board of Directors has directed that such appointment be submitted to our stockholders for ratification at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2002 and is considered by our Audit Committee to be well qualified. Our organizational documents do not require that our stockholders ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment, but may still retain Ernst & Young LLP.

Representatives of Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

The Audit Committee of the Board of Directors and the Board of Directors unanimously recommend that the stockholders vote “FOR” the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.
