Regal's Board of Directors today declared both a quarterly cash dividend of \$0.22 and a special cash dividend of \$1.00 per Class A and Class B common share, each payable on December 15, 2014, to stockholders of record on December 4, 2014. The Company intends to pay a regular quarterly dividend for the foreseeable future at the discretion of the Board of Directors depending on available cash, anticipated cash needs, overall financial condition, loan agreement restrictions, future prospects for earnings and cash flows as well as other relevant factors.

The Company also announced today that its Board of Directors has authorized the exploration of strategic alternatives to enhance shareholder value, which may include a potential sale of the Company. While the Board of Directors has great confidence in the Company's management team and its strategic plan, the combination of Regal's continued strong performance and attractive industry dynamics has led the Board to conclude that this is an opportune time to conduct a thorough review of options.

"Commitment to delivering shareholder value has been the cornerstone of our strategy for many years and we believe today's announcement along with the declaration of our sixth special dividend clearly demonstrate that commitment," stated Amy Miles, CEO of Regal Entertainment Group. "Looking ahead, we are optimistic regarding the potential for box office success during the upcoming holiday season and throughout 2015," Miles continued.

The Board of Directors has retained Morgan Stanley & Co. LLC, Inc. as its financial advisor to assist in the review process. The Company has not set a definitive timetable for completing its exploration of strategic alternatives and there can be no assurance that the process will result in any specific outcome. The Company does not intend to disclose further developments during this process, unless and until its Board of Directors approves a specific course of action or otherwise concludes the review.

- (1) We have included adjusted diluted earnings per share, which is diluted earnings per share excluding loss on extinguishment of debt, net of related tax effects, gain on sale of available for sale securities, net of related tax effects, gain on sale of NCM, Inc. common stock, net of related tax effects, and net loss on disposal and impairment of operating assets, net of related tax effects, because we believe it provides investors with a useful industry comparative and is a financial measure used by management to assess the performance of our Company.
- (2) Represents reported weighted average number of diluted shares outstanding for purposes of computing diluted earnings per share and adjusted diluted earnings per share for the quarters and three quarters ended September 25, 2014 and September 26, 2013.
- (3) Adjusted EBITDA (earnings before interest, taxes, depreciation and amortization expense, net loss on disposal and impairment of operating assets, share-based compensation expense, gain on sale of NCM, Inc. common stock, loss on extinguishment of debt and noncontrolling interest, net of tax and other, net) was approximately \$122.1 million for the quarter ended September 25, 2014. We believe EBITDA, Adjusted EBITDA and Free Cash Flow provide useful measures of cash flows from operations for our investors because EBITDA, Adjusted EBITDA and Free Cash Flow are industry comparative measures of cash flows generated by our operations and because they are financial measures used by management to assess the liquidity of our Company. EBITDA, Adjusted EBITDA and Free Cash Flow are not measurements of liquidity under U.S. generally accepted accounting principles and should not be considered in isolation or construed as a substitute for other operations data or cash flow data prepared in accordance with U.S. generally accepted accounting principles for purposes of analyzing our liquidity. In addition, not all funds depicted by EBITDA, Adjusted EBITDA and Free Cash Flow are available for management's discretionary use. For example, a portion of such funds are subject to contractual restrictions and functional requirements to pay debt service, fund necessary capital expenditures and meet other commitments from time to time as described in more detail in the Company's 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 24, 2014. EBITDA, Adjusted EBITDA and Free Cash Flow, as calculated, may not be comparable to similarly titled measures reported by other companies.
- (4) On July 10, 2014, the State of New York approved a sales tax refund claim filed by the Company to recover sales taxes paid on certain nontaxable purchases made during the fiscal 2008 through fiscal 2012 periods. The refund resulted in a reduction to other operating expenses of \$16.8 million during the third quarter of fiscal 2014.
