**Regal Entertainment Group Reports Results for
First Quarter 2015 and Declares Quarterly Dividend**

Knoxville, Tennessee – April 30, 2015 – Regal Entertainment Group (NYSE: RGC), a leading motion picture exhibitor owning and operating the largest theatre circuit in the United States, today announced fiscal first quarter 2015 results.

Total revenues for the first quarter ended March 31, 2015 were \$691.3 million compared to total revenues of \$726.9 million for the first quarter ended March 27, 2014. Net income (loss) attributable to controlling interest in the first quarter of 2015 was \$23.1 million compared to \$(1.2) million, which included a \$32.6 million after-tax loss on extinguishment of debt, in the first quarter of 2014. Diluted earnings (loss) per share was \$0.15 for the first quarter of 2015 compared to \$(0.01) for the first quarter of 2014. Adjusted diluted earnings per share⁽¹⁾ was \$0.15 for the first quarter of 2015 compared to \$0.20 for the first quarter of 2014. Adjusted EBITDA⁽⁴⁾ was \$128.1 million for the first quarter of 2015 and \$144.2 million for the first quarter of 2014. Reconciliations of non-GAAP financial measures are provided in the financial schedules accompanying this press release.

Beginning January 2, 2015, Regal's fiscal year changed from a 52-53 week fiscal year ending on the first Thursday after December 25 of each year to a fiscal year ending on December 31 of each year. Accordingly, beginning in the current year, Regal's quarterly results will be for three month periods ending March 31, June 30, September 30 and December 31. As a result of the calendar change, the quarters ended March 31, 2015 and March 27, 2014 were comprised of 89 and 91 days, respectively. Additionally, the comparison of the first quarter results of 2015 to the first quarter results of 2014 was impacted by the timing of our 2014 fiscal calendar. The first fiscal quarter of 2014 included six days from Christmas to New Year's Day, a traditionally high attendance period for the Company and the industry, while the first quarter of 2015 did not include any days during that period.

Regal's Board of Directors also today declared a cash dividend of \$0.22 per Class A and Class B common share, payable on June 12, 2015, to stockholders of record on June 2, 2015. The Company intends to pay a regular quarterly dividend for the foreseeable future at the discretion of the Board of Directors depending on available cash, anticipated cash needs, overall financial condition, loan agreement restrictions, future prospects for earnings and cash flows as well as other relevant factors.

"A better than expected box office environment and our focus on delivering a great customer experience helped us achieve solid first quarter results, highlighted by a record concession per cap and one of the highest first quarter revenue totals in our history," stated Amy Miles, CEO of Regal Entertainment Group. "With a great first quarter box office already in the books and a much-anticipated film slate set for the upcoming summer and holiday seasons, we remain optimistic regarding the potential for box office success throughout 2015."

- (1) We have included adjusted diluted earnings per share, which is diluted earnings (loss) per share excluding loss on extinguishment of debt, net of related tax effects, gain on sale of available for sale securities, net of related tax effects, and net (gain) loss on disposal and impairment of operating assets and other, net of related tax effects, because we believe it provides investors with a useful industry comparative and is a financial measure used by management to assess the performance of our Company.
- (2) Represents reported weighted average number of diluted shares outstanding for purposes of computing diluted earnings (loss) per share for the quarters ended March 31, 2015 and March 27, 2014. Since the Company reported a net loss attributable to controlling interest of \$1.2 million for the quarter ended March 27, 2014, no common stock equivalents were included as the effect would have been antidilutive.
- (3) Represents the weighted average number of diluted shares outstanding, after giving effect to common stock equivalents that had a dilutive effect on the computation of adjusted earnings per diluted share for the quarter ended March 27, 2014.
- (4) Adjusted EBITDA (earnings adjusted for interest, taxes, depreciation and amortization expense, net (gain) loss on disposal and impairment of operating assets and other, share-based compensation expense, loss on extinguishment of debt, earnings recognized from NCM, cash distributions from NCM and noncontrolling interest, net of tax and other, net) was approximately \$128.1 million for the quarter ended March 31, 2015. In previous quarters, earnings recognized from NCM have been included in Adjusted EBITDA. However, we believe that including cash distributions of NCM in our Adjusted EBITDA measure more accurately reflects our liquidity. Accordingly, the Adjusted EBITDA computation for all periods presented herein reflects such cash distributions received from NCM. We believe EBITDA, Adjusted EBITDA and Free Cash Flow provide useful measures of cash flows from operations for our investors because EBITDA, Adjusted EBITDA and Free Cash Flow are industry comparative measures of cash flows generated by our operations and because they are financial measures used by management to assess the liquidity of our Company. EBITDA, Adjusted EBITDA and Free Cash Flow are not measurements of liquidity under U.S. generally accepted accounting principles and should not be considered in isolation or construed as a substitute for other operations data or cash flow data prepared in accordance with U.S. generally accepted accounting principles for purposes of analyzing our liquidity. In addition, not all funds depicted by EBITDA, Adjusted EBITDA and Free Cash Flow are available for management's discretionary use. For example, a portion of such funds are subject to contractual restrictions and functional requirements to pay debt service, fund necessary capital expenditures and meet other commitments from time to time as described in more detail in the Company's 2014 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 2, 2015. EBITDA, Adjusted EBITDA and Free Cash Flow, as calculated, may not be comparable to similarly titled measures reported by other companies.
